## Kent Cobnuts - Order Form 2019

Customer No 1

Customer Name & Address :-  PayPal NA   NA	Deliver To (if different from Customer N&A)  Name _____ Address _____ _____ _____ Post Code _____
--	---

Depending on the crop, Allens Farm Cobnuts will be dispatched Green from the end of August until mid September, and Golden from late September onwards. If you do not specify Golden, Green will be supplied.

If you like both Green and Golden cobnuts you can consider saving money on shipping by ordering only Green Cobnuts, after all Golden Cobnuts are Green Cobnuts which have matured, having been stored open to the air in a cool place (and not eaten). Unpack Green Nuts immediately on receipt and store out of their packaging, do not keep Green nuts in a polythene bag or container as the husks will go mouldy. Golden Nuts keep perfectly in their shells even if they smell musty, to keep moist store in a polythene bag or container. We aim to despatch your nuts within 5 working days depending on availability.

**All our UK Mainland prices include Delivery.** We use Interlink Express to deliver your nuts to you fresh the next day, if you are not in the driver has been asked to put the parcel in a safe place and leave a card, if this is not satisfactory please call us. UK non-mainland orders (inc Scottish Highlands) are available in 2kg packs sent First Class mail. 10Kg sacks are available at a £15.00 surcharge for non-mainland orders. Overseas Orders will not be accepted due to Customs restrictions.

Pack sizes are fixed, you may order as many of each size as required, please make sure all orders are received by the 1<sup>st</sup> September.

Please use our Website [www.cobnuts.co.uk](http://www.cobnuts.co.uk) if you would like to order online
